

# COTTON FARM *Tour*

OCTOBER 7-9

## TOUR AGENDA

Join Cotton Incorporated for an opportunity to experience U.S. cotton production firsthand. Participants will visit a cotton farm, a cotton gin, and a USDA Classing Office while engaging directly with growers, researchers, and industry experts.

The goal of this experience is for you to walk away with a deeper understanding of how cotton is produced. U.S. cotton producers and their families will share the tools, technologies, and practices they are using to grow cotton responsibly and steward resources for future generations. Learn from the experts, see firsthand how cotton is harvested, ask questions, and judge for yourself. *Schedule subject to change.*
